

MEDICAID HIPP

States... under this category have Health Insurance Premium Payment (HIPP) programs currently in operation under Medicaid. These employer buy-in programs are available to the Medicaid population broadly, not only to specific groups (e.g., people with AIDS).

The Health Insurance Premium Payment program is a Medicaid program that pays for the cost of health insurance premiums, coinsurances, and deductibles. The program pays for health insurance for Medicaid-eligible persons with access to employer-based insurance when it is proven cost-effective to do so.
